## THERMORY ARCHITECTURAL WOOD SYSTEM

### KEY FEATURES AND BENEFITS:

- Install decking or cladding in half the time – hidden fastening speed clip and end-matching system
- Less wastage – end-matching reduces off-cuts
- Straight and uniform dressed profiles
- Durable, resists warping and cupping and splitting
- No chemical treatment
- No rainforest timbers
- No resin/tannin bleed
- Full pre-coat service available with clear Cutek Extreme penetrating oil

\*m2 calculated incorporating the gap/overlap provided by the relevant clip.

**NOTE: Any product from the Thermory range can be ordered, lead times vary. See [www.thermory.com](http://www.thermory.com)**
